SPEAKER

Tanya Johnston

Real stories from building in regulated industries.

Founder and CEO, District 360 · Founder, LAMA Care and District Tech Group · Perth, Western Australia

ABOUT TANYA

Tanya Johnston is a Perth based founder who builds care businesses and the technology that runs them. Her path runs from youth homelessness to senior HR leadership at Nielsen in Vietnam, an events and entertainment company, and in 2019, District 360, a registered NDIS provider.

She built LAMA Care, the care management platform District 360 runs on, and has since built across telehealth, pharmaceutical wholesale and ecommerce. She has led District 360 through voluntary administration and a Deed of Company Arrangement, and speaks candidly about resilience, compliance and what it really takes to build in regulated industries.

AT A GLANCE

2019	Founded District 360
5 yrs	Building LAMA Care
10 yrs	Leading in Vietnam
DNV	Certified NDIS provider

SIGNATURE TOPICS

01

Building Inclusive Tech Startups

How to identify gaps in healthcare or disability services and create user friendly technology that fills them, scaling with care, ethics and operational efficiency.

02

From Crisis to Comeback

Resilience in practice: leading a care business through voluntary administration and a DOCA, and rebuilding with smart systems and strong leadership.

03

Empower Through Experience

Practical tools and mentorship to elevate your business while staying grounded in community and empathy.
